

SAFETY NOTICE

All golfers please note:-

The golf club have carried out a project this year to improve safety and reduce the risk of an accident or incident on areas of the course adjacent to the roadway along the 16th, 17th and 18th holes. (The road is to the right of the 16th hole on the approach to the green and on the right hand side of the 17th and 18th holes).

The work completed includes:

- clearance of shrubs and bushes, pruning and thinning of trees to improve visibility and lines of sight for both golfers and road users
- new warning signs at each end of the road on the boundaries of the golf course
- new road markings, eg. painting speed bumps

When the road is within range of a golf shot golfers must take care to ensure the road is clear before the shot is played.

N&C Golf Club will not accept any liability for damage to vehicles or personal injury to yourself, other golfers or any road users in the event of an accident or incident.

In the event of an accident or incident any matters arising should be resolved between the golfer and road user, for information purposes can the golfer please inform the office.
