

Safety Protocol: Green Staff Priority on the Course

For the safety and well-being of our team, all green staff and other course workers have priority on the golf course at all times.

While staff will make every reasonable effort to “stand aside” to allow play to continue, this new protocol is being implemented to ensure clarity for everyone sharing the course.

The primary goal is to provide a safe working environment for our highly valued staff.

All members and golfers are expected to respect this policy. Failure to do so may result in disciplinary action. Staff have been instructed to report any incidents involving reckless shots or near misses to management.

Please also be aware that any reckless shot causing injury may lead to criminal prosecution or civil litigation. In such cases, insurance coverage is unlikely to apply.

We appreciate your cooperation in respecting this policy and helping to keep our green staff safe.
